

# Have YOU made the population connection?

**7.5 billion** in 2017, 9.8 billion in 2050. Each year, world population grows by about 83 million people.

 **POPULATION CONNECTION**  
America's Voice for Population Stabilization

**214 million** women in the developing world would like to avoid pregnancy but aren't using modern contraception.

We may drive **half of all** plant and animal species to extinction by the year 2100.
